TAF PARTNERSHIPS 2025/26

SUPPORTED BY GOVERNMENT

About TAF

TAF is the UK's 'association of associations', a community of 180 trade associations encouraging the development and sharing of best practice among UK trade associations and promoting the role of effective trade associations to government, industry and the wider public.

We focus specifically on trade associations, not on the broader membership community, and that focus helps define everything we do. Our 180 association members in turn represent close to 190,000 UK businesses, making TAF one of the largest representative bodies in the country.

Whether helping associations share best practice, or helping our members help their members transition to net zero, TAF is at the heart of the UK association community and working every day to help support the sector.

Our partners play a vital role in this mission, helping us deliver more for members and providing them with access to market-leading content, events and expertise.

TAF Partnership Philosophy

Genuine partnerships.

We think beyond transactional branding opportunities and want to build mutually beneficial relationships that create real value for TAF members, our members' members and our partners

Co-development of services.

We want to develop bespoke service offers that TAF can offer as a benefit to its members and they, in turn, can offer to their members creating a trickle-down effect that reaches thousands of businesses across the country

Long term, not quarter-to-quarter.

We want to work with partners over years, not just as a way to finance single events. If we build the right relationship together from the start, our partnership should continue to deliver value over the long term

What TAF does

TAF is run by associations, for associations, with a focus on helping our members deliver more for their members. We support our members by providing:

Community

We help members connect with each other to network, learn and share, via regular in-person events, an online community and special interest groups.

Insights

We provide access to resources, industry benchmarking, events and guidance to help our members improve, address common challenges and respond to the changing external environment.

Services

We provide access to services and deals via a range of partners to help our members save money and deliver more for their members.

Why partner with TAF?

Sector leadership

Position yourself as a leader in the trade association sector, or as a leader in one of our thematic areas such as sustainability to position your brand with TAF members and the thousands of businesses they represent

Build relationships

One of our main focuses is on building long term, mutually beneficial relationships. By partnering with us you can gain access to exclusive networking and events opportunities, and build meaningful relationships with a huge number of TAs.

Brand building

Unique opportunities to get your brand in front of senior trade association figures, allied to the trusted TAF brand and the concept of promoting best practice in the market.

Generate opportunities

TAF offers a unique reach into 150 other trade associations, who in turn represent thousands of businesses and hundreds of thousands of employees. We can help you unlock new opportunities, improve your reach and break into new sectors.

How we work with partners

Everything we do at TAF is focused on our mission of helping our members to be more effective and deliver more for their members.

Brand Promotion

We help our partners build their brand via our trusted channels and events, reaching not just our members but the entire UK trade association community.

Events

We run regular events with partners for TAF members and the broader association sector, and host a number of set-piece events such as our annual Awards and conference.

Content

We provide members with content on best practice, how to guides and much more and look to partners to help us deliver useful content for association professionals.

Member Benefits

A select group of partners provide benefits to our members as part of the TAF offer, from money off computers to free advice and support or packages for commonly procured services.

Special Interest Groups

Our partners support our special interest groups, which bring together trade association professionals around a particular discipline such as communications, events or membership engagement.

Annual Partnerships

Each year TAF works with a select number of corporate partners to work with over a 12 month period across its whole range of activities. This delivers value for the sponsor across the year, whilst delivering a cost-saving.

We will work with each partner to curate a package that works for them, but an example package would look like this:

- Top tier sponsorship of Best Practice Awards
- Top tier sponsorship of Best Practice Exchange conference
- Partnership on one of TAF's Special Interest Groups
- 2x events across the year on the subject of choosing
- 4x sponsored content on TAF website
- Branding on the monthly newsletter
- Entry in the supplier directory
- Co-development of bespoke service offering for TAF members

Women in Trade Associations

Our annual celebration of inspirational women in the trade association sector draws huge social media impact and a reception attended by over 100 people in 2025.

The Powerlist is produced in partnership with the CBI and FSB, and we look a select few partners to help support the initiative and support the costs for running the programme and the reception.

By supporting the Powerlist, partners can benefit from promotion across several months during the nomination process and align their brand with diversity in the sector.
